TO THE TAXPAYERS:

Herewith find the financial statement of your town for the year ending January 31, 1926.

ROADS:

We have rebuilt of reinforced concrete, the bridge over the Cascade Brook below Tilton's Mill, so called, in the Town of Thornton. At this point about 400 yards of new fence was built along the river bank, and the approaches to the bridge will be widened and graded this coming Spring. Many new culverts were installed at places where there were no culverts, or where the existing ones were inadequate under flood conditions. The road from the Drake Place, so called, to Drake Brook was widened, straightened and graded to a new level. We had State Aid on this road and bridge work. Other sharp turns were widened and improved. Snow Brook bridge was rebuilt. The abutments here must be renewed in a very short time. On the road to Briggs' Hill, the approaches to the bridge were raised three feet, and the bridge rebuilt.

It is hoped we can rebuild permanently this coming year, one small bridge in the Town of Thornton, near Sandwich Notch Road. This will complete the installation of permanent concrete and steel bridges throughout the length of the road in the Town of Thornton, taken over by the Town of Waterville some years ago.

David S. Austin, 2nd
